

Louis Gagnon receives a Best Executives Awards

We are excited to announce that Louis Gagnon, President, Canadian Operations has been awarded with The Globe and Mail's inaugural Report on Business Best Executive Award.

This award program was created to celebrate excellence among non-CEO leaders at the SVP, EVP and C-suite (or equivalent) levels. The 50 winners represent the best of Canadian leadership in five functional areas: Finance; Human Resources; Operations; Sales and Marketing; and Technology.

A nearly 30-year veteran of the insurance industry, Louis Gagnon is one of the founders of Intact. From the start, Louis helped define a purpose and a set of values that built the foundation for Intact's ongoing success. He is a passionate champion of inclusion at Intact, co-chairing Intact's Diversity & Inclusion Council and company-wide events, sponsoring our LGBTQ & Allies employee network, and proudly supporting our company values- Integrity, Respect, Customer Driven, Excellence, and Generosity.

Our business has always been guided by our values and rooted in the belief that insurance is about people, not things. We exist to help our employees, customers, brokers and the communities where we live and work. Louis has been steering Intact's operations with this purpose in mind from the very beginning, and he inspires us to do the same every day.

Congratulations Louis on this well-deserved win!
